I. INFORMATION RESPECTING THE CORPORATION

STATEMENT OF CORPORATE GOVERNANCE PRACTICES OF THE CORPORATION

The Board of Directors (the ‘Board’) continually evaluates the corporate governance policies and procedures of the Corporation. The Board annually conducts a self-assessment of its performance, an assessment of its members and its committees and each committee assesses its members. Since the date of the last Information Circular, the Board has reviewed its standing committee memberships to ensure the Audit, the Compensation and the Nominating and Corporate Governance Committees are constituted with all independent directors and the Health, Safety and Environmental and the Reserves Committees are constituted with a majority of independent directors.

Regulatory changes relating to corporate governance are continually monitored by the Board and the Board will take appropriate action as regulatory changes occur. In the following table we describe the Corporation’s corporate governance practices in compliance with corporate governance disclosure requirements mandated under National Instrument 58-101.

<u>Corporate Governance Disclosure Requirement</u>	<u>Comments</u>

| (e) Disclose whether or not the independent directors hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. | Prior to the termination of each regularly scheduled Board meeting, the non-management directors meet in executive session without the presence of management to discuss whatever topics are appropriate. As of the date of this Information Circular the Board has determined that there will be an executive session of the non-management directors after each meeting of the Board. Additional executive sessions may be scheduled from time to time as determined by a majority of the non-management directors in consultation with the Chair of the Board and Chair of the Nominating and Corporate Governance Committee. In addition, at each meeting of a Board committee, the committee holds an executive session without the presence of management. |
| (f) Disclose whether or not the chair of the Board is an independent director. | The Board of Directors functions independently of management and appoints the Chair. The Chair is considered non-independent. The Board does not have a lead director but leadership for the non-management directors would, depending on circumstances, be provided by the Chair of the Nominating and Corporate Governance Committee or a lead director appointed by the non-management directors who have been determined to be independent. |

This role is delegated by the Board to the Corporate Management Committee of the Corporation which is comprised of 14 members of the senior management group including the Chair, the two Vice-Chairs and the President and Chief Operating Officer. The Corporate Management Committee shares the responsibilities normally associated with a CEO position. The Corporation's corporate governance guidelines state that the Board is responsible for the stewardship of the Corporation and overseeing the business and affairs of the Corporation. Any responsibility that is not delegated to senior management or a Board committee remains with the full Board. In addition, the Board in conjunction with senior management determines the limits of management's responsibilities and establishes annual corporate objectives which management is responsible for meeting. |

Mandatory Share Ownership

The Board believes that in order to better align the interests of the directors and the executive officers with those of the Corporation's shareholders, share ownership by the directors and executive officers is desirable. Non-management directors are required to acquire and hold common shares of the Corporation ("Common Shares") equal to a minimum aggregate market value of three times the annual retainer fee paid to directors within five (5) years from the date of the director's appointment to the Board. As of the date of this Information Circular, the number of Common Shares held by each Director and their respective market value is reported in the table under "Election of Directors" in this Information Circular.

Directors are required to confirm annually for the Corporation's Information Circular their Common Share ownership position and that such position is their beneficial and legal ownership position and has not been hedged or otherwise sold.

The Board adopted Common Share ownership guidelines for officers including management directors. The guidelines require Common Share ownership proportionate to the individual's compensation and position which are:

Chair, Vice-Chair, and, President and Chief Operating Officer	4 times base salary
Senior Vice-President	2 times base salary
All other officers	1 times base salary

Under the guidelines, the individual has 3 years from the effective date of the adoption of these guidelines (March 15, 2007) or from date of hire or appointment as an officer, whichever is the later, to acquire and hold the required level of Common Share ownership. Common Share ownership includes Common Shares of the Corporation purchased and held within the Corporation's stock savings plan and any other personal holdings of the individual.

Officers are required to confirm annually their Common Share ownership position and that such position is their beneficial and legal ownership position and has not been hedged or otherwise sold.

Director Independence

For a director to be independent, the Nominating and Corporate Governance Committee and the Board must affirmatively determine such independence, taking into account any applicable regulatory requirements and such other factors as the Nominating and Corporate Governance Committee and Board may deem appropriate; provided, however, that there shall be a 3 year period during which the following individuals shall not be deemed independent: (i) former employees of the Corporation, or of its independent auditor; (ii) current or former employees of any company whose compensation committee includes or included in that time an officer of the Corporation; (iii) an

immediate family member of the individuals specified in (i) and (ii) above; and, (iv) a director whose immediate family member is an executive of the Corporation. The Nominating and Corporate Governance Committee and the Board review annually the relationship that each director has with the Corporation (either directly; or as a partner, shareholder or officer of an organization that has a relationship with the Corporation). To assist in this process, all Directors are required to complete a questionnaire relative to their shareholdings in the Corporation and business relationships. Following this review, only those Directors whom the Board and the Nominating and Corporate Governance Committee affirmatively determine have no direct or indirect material relationship with the Corporation taking into account the above mentioned factors, any applicable regulatory requirements and such other factors as the Nominating and Corporate Governance Committee and Board may deem appropriate will be considered independent directors. Eight of the 13 director nominees proposed by management for election are independent as determined by the Nominating and Corporate Governance Committee and the Board and pursuant to the independent standards established under National Instrument 58-101 and within the meaning of section 1.4 of Multilateral Instrument 52-110 and the NYSE Listing Standards. Ms. C.M. Best and Messrs. G.A. Filmon, G.D. Giffin, N.F. McIntyre, F.J. McKenna, J.S. Palmer, E.R. Smith and D.A. Tuer have all been affirmatively determined to be independent using the above criteria. Mr. J.S. Palmer is the Chair and a partner of a law firm that from time to time provides legal services to the Corporation. Mr. J.S. Palmer does not personally provide these services to the Corporation nor solicit those services and has confirmed that he does not receive any portion or percentage of the fees paid by the Corporation to the law firm, nor participates in the profits of the firm either directly or indirectly. He has also confirmed that fees paid to the law firm by the Corporation in 2007 were less than 2% of that firm's gross revenues and the Nominating and Corporate Governance Committee and the Board has determined that the fees that have been paid to the law firm in 2007 are not material to either the Corporation or the law firm and therefore do not impair his ability to act independent of management. Messrs. A.P. Markin, N.M. Edwards, J.G. Langille, S.W. Laut who as part of the senior management committee of the Corporation and Mr. K.A.J. MacPhail through a familial relationship with the Chair of the Board, have been determined by the Nominating and Corporate Governance Committee and the Board to be non-independent.

Director Retirement Policy

The Board of Directors established a mandatory retirement policy for Directors. Under the policy, any Director who has reached the age 75, except for any director who was over the age 75 on March 2, 2007 (the date the mandatory retirement policy was adopted by the Board), can not stand for election to the Board. The Board in adopting the retirement policy noted that Mr. J.S. Palmer had reached the age of 75. The Board also recognized the positive contribution, dedicated service, wise counsel and leadership provided to the Corporation and its shareholders by Mr. J.S. Palmer since first becoming a Director in 1997. It is the Board's continued belief that the Corporation and its shareholders continue to benefit from his valued experience, knowledge, mentoring and input into the stewardship of the Corporation.

Audit Committee Financial Expert

All of the members of the Corporation's Audit Committee are financially literate. Ms. C.M. Best who is a member of the Audit Committee qualifies as an "audit committee financial expert" under the rules issued by the SEC pursuant to the requirements of the Sarbanes-Oxley Act of 2002.

Ethics Policy

The Corporation has had a long-standing Code of Integrity, Business Ethics and Conduct, which includes such topics as employment standards, conflicts of interest, communication, the treatment of confidential information and trading in the Corporation's shares and is designed to ensure that the Corporation's business is consistently conducted in a legal and ethical manner. Each Director and all employees including each member of senior management and more specifically the principal executive officers, the principal financial officer and the principal accounting officer are required to abide by the Corporation's Code of Integrity, Business Ethics and Conduct. The Nominating and Corporate Governance Committee periodically reviews the Corporation's Code of Integrity, Business Ethics and Conduct to ensure it addresses appropriate topics and complies with regulatory requirements and recommends any appropriate changes to the Board for approval. In 2007 the Nominating and Corporate Governance Committee reviewed the Corporation's Code of Integrity, Business Ethics and Conduct and recommended to the Board, revisions relating to clarification on insider trading, communication and disclosure, communication using electronic mediums,

staff participating in government and political activities, and, reference to the Corporation's Human Rights Statement, which were subsequently approved by the Board of Directors.

Any waivers or changes to the Corporation's Code of Integrity, Business Ethics and Conduct must be approved by the Board of Directors and appropriately disclosed. No waivers to the Corporation's Code of Integrity, Business Ethics and Conduct in whole or in part have been asked for or granted to any Director, senior officer or employee.

Copies of the Code of Integrity, Business Ethics and Conduct can be obtained free of charge from SEDAR at www.sedar.com or by contacting the office of the Corporate Secretary at the address indicated under "Additional Information".

STATEMENT OF EXECUTIVE COMPENSATION

Composition of the Compensation Committee

During the year ending December 31, 2007, the members of the Board of Directors who served on the Compensation Committee (the "Committee") were: James S. Palmer, Catherine M. Best, Norman F. McIntyre, Frank J. McKenna and Eldon R. Smith. All members of the Committee are independent members of the Board and are knowledgeable with respect to compensation programs and compensation levels. There were no interlocking relationships as described in National Instrument 51-102 paragraph 8.1(d) under Form 51-102F6.

Compensation Committee Report on Executive Compensation

The Committee reviews and approves the Corporation's compensation philosophy and programs for executive officers which include the Corporation's Chairman and Vice-Chairmen and employees of the Corporation to ensure that the Corporation's compensation philosophy and programs (a) support the Corporation's overall business strategy and objectives; (b) attract and retain key executive officers and employees; (c) link compensation with business objectives and organizational performance; and, (d) provide competitive compensation opportunities. The Committee approves the compensation paid to each of the Corporation's executive officers, the overall compensation paid by the Corporation to its employees and the granting of stock options to executive officers and employees. The Committee holds in-camera sessions at each of its scheduled meetings.

The compensation paid is structured to comprise both short-term cash payments and longer term incentive payments. The short-term cash payments are structured to be competitive with the market place in which the Corporation operates while performance based equity compensation is a significant component of overall executive officer compensation. The Committee has chosen to implement equity based compensation plans in place of defined benefit plans or supplemental compensation or retirement plans that are not necessarily aligned with creation of shareholder value.

The Corporation does not have a named Chief Executive Officer and the review of factors that would be used to determine compensation of a Chief Executive Officer are used in determining compensation to members of the Corporation's Corporate Management Committee. The Corporation does not have employment agreements with any of its executive officers.

The Committee has had numerous discussions of the relative merits of its compensation practice which embraces both its non-formulaic approach to executive officer compensation and a formula based approach for a portion of their bonus payments and has concluded that the current approach is successful and has resulted in an effective, focused management team. The approach provides the necessary flexibility to appropriately incentivize the management team in changing market and industry conditions yet also base a part of their (as for all employees) bonus payments based on meeting specified established targets relating to operations (production volumes, safety and environmental risk management targets, cost of production and capital efficiency). This methodology is continuously evaluated to ensure executive compensation is linked with the performance of the Corporation.

The compensation paid in 2007 includes base salary, a discretionary year-end cash bonus based on the individual's and the Corporation's performance, contributions to the Corporation's Savings Plan, a corporate performance cash bonus paid twice per year to employees and executive officers in the conventional operations if specified established targets relating to operations are met, a year-end share bonus based on the individual's and the Corporation's performance and awards of options to acquire the Corporation's common shares pursuant to a stock option plan. These forms of compensation are considered both individually and collectively to determine the compensation levels paid to each of the Corporation's employees and executive officers. Compensation levels of the Corporation's employees and executive officers are reviewed annually following completed performance reviews.

In arriving at the compensation levels paid by the Corporation to its executive officers the Committee takes into account a number of factors, including the expertise and experience of the individual, the length of time the individual has been in the position, the personal performance of the individual, the overall performance of the Corporation, and, a subjective evaluation considering peer-company market data from surveys in which the Corporation participates. The Committee believes that the information they had available and the factors considered in determining executive compensation was sufficient in helping to determine the appropriate level of executive compensation and that the services of an independent compensation consultant and associated costs were not warranted.

The overall performance of the Corporation is determined by reviewing the success the Corporation achieved on an annual basis in meeting its four defined value creation measurements/financial goals:

- (i) production of crude oil and natural gas;
- (ii) crude oil and natural gas reserves;
- (iii) cash flow from operations; and
- (iv) net asset value.

The Board sets overall goals and objectives for these four defined metrics. In 2007 the Corporation continued to achieve growth in all of these metrics, however, the growth in crude oil production volumes, notably in the Corporation's international operations, was not as great as the targets set. Accordingly, both the cash bonus and share bonus amounts paid to the senior executive officers of the Corporation were reduced from prior years.

The total direct compensation costs comprised of base salary, cash bonus and share bonus of the Named Executive Officers expressed as a percent of net earnings were less than one quarter of one percent in 2007.

Cash Payments

1. Base Salary

One of the Committee's objectives is to position executive base salaries to be competitive with other companies in the energy sector or the market place in which the Corporation operates. The Committee uses and consults available third party compensation surveys conducted on the industry for companies of comparable size. Base salaries for executive officers were previously set at the median level for similar positions in oil and natural gas companies of comparable size. In addition, compensation in the form of discretionary yearly cash bonuses was provided to recognize performance. These cash payments were supplemented with the awarding of additional common stock options. As the Corporation reached the upper limits of acceptable levels of outstanding stock options, and was restricted in the amount awarded for any further performance options, some base salaries have been increased beyond the median level and the level of cash bonuses has been increased. The Committee believes this is appropriate to ensure that overall compensation levels remain competitive to attract and retain quality employees while also ensuring that overall compensation levels do not become excessive.

2. Cash Bonuses

The Committee believes that incentive or "at risk" compensation motivates individual performance to maximize shareholder value and aligns executive officer performance with the Corporation's objectives and shareholder interests. The discretionary cash bonus awarded is based on the individual's performance over the year in contributing to the Corporation meeting its four defined value creation measurements/financial goals. In 2007, cash bonuses awarded to senior executive officers were generally reduced by 10% to 25% of the normalized targeted levels to reflect the fact that the Corporation did not reach all of its internal targets.

The corporate performance cash bonuses paid twice yearly to employees and executive officers in the conventional operations are based on the Corporation's performance using key performance measurements approved by the Committee to determine the Corporation's performance and which include production volumes, safety and environmental risk management targets, cost of production and capital efficiency. The Corporation failed to meet all of the targets established and accordingly the corporate performance cash bonus was not paid out at its maximum amount for 2007.

Long Term Incentive Plans

1. Stock Option Plan

The Committee believes that, to the extent possible, granting of stock options should be used to augment the overall compensation package and the Corporation has a long-standing policy of awarding stock options to all of its executive officers and employees. To remain competitive with its industry peer group the Committee believes it is important that the Corporation has an option plan available to provide parity with compensation levels within the industry. The Corporation's option plan is structured so that the exercise price can not be lower than market value at the time of granting options, the options are vested over five years commencing one or two years after granting and no re-pricing of options is allowed. These options provide an incentive for all employees and officers to ensure they are striving to maximize shareholder value. Directors are not eligible to receive options under the option plan unless they provide ongoing day-to-day management services to the Corporation. The Board believes this established policy of awarding stock options meets the Corporation's business objectives provided the total number of options outstanding at any time is limited to a maximum of 10% of the Corporation's outstanding common shares. No one person can hold options pursuant to the option plan of more than 5% of the outstanding Common Shares nor is it possible for directors and officers, as a group, to hold options amounting to 10% of the outstanding Common Shares.

During 2003 the Corporation amended its option plan to facilitate holders of options to receive a cash payment of the difference between the market price of the Common Shares on Toronto Stock Exchange ("TSX") and the exercise price of the options in lieu of Common Shares. This amendment ratified by the shareholders in 2004 reduces the amount of dilution in the Corporation as no additional Common Shares are issued if the cash election is made by the option holder. Concurrently with this amendment the Corporation adopted the accounting practice of reporting as an expense the intrinsic cost associated with granting stock options.

2. Stock Savings Plan

The Corporation has established a Stock Savings Plan for all of its full-time employees. Under this plan, employees may elect to contribute up to 10% of their gross salary and the Corporation contributes one and one-half times the contributions of the employees. The funds are deposited with a trustee to purchase Common Shares of the Corporation through TSX. The Corporation's portion of the contributions vests to the employee who has less than five years of continuous participation in the plan over a two-year period provided the employee does not leave the employment of the Corporation for any reason prior to the vesting dates. The Corporation's portion of the contributions vests on January 1 of each year to the employee who has five years of continuous participation in the plan provided the employee does not leave the employment of the Corporation for any reason prior to the vesting date. As at December 31, 2007 the trustee was holding a total of 4,586,335 Common Shares of the Corporation.

A similar plan to the Stock Savings Plan was also adopted for all permanent U.K. employees, entitled CNR International (U.K.) Limited Profit Sharing Scheme (the "Scheme"). Effective December 31, 2002, due to changes in U.K. tax legislation, the Scheme was discontinued and a share incentive plan was adopted for all permanent U.K. employees entitled "CNR International (U.K.) Limited Share Incentive Plan (the "SIP"). Under the terms of the SIP, each employee can participate by contributing from £10 to a maximum of £125 per month not to exceed 10% of the employee's monthly salary. A matching contribution not to exceed two times the contribution of the employee is made by CNR International (U.K.) Limited. The funds are deposited with a trustee to purchase Common Shares of the Corporation through TSX. To benefit fully from U.K. tax legislation governing SIPs, the purchased shares must be held for a period of 5 years to be eligible for tax relief. As at December 31, 2007 the trustee was holding a total of 538,377 Common Shares of the Corporation.

3. Share Bonus Plan

The Share Bonus Plan provides a form of compensation which combines share ownership in the Corporation by its employees and officers without dilution or the granting of stock options. The amount awarded under this plan is determined in respect of the employee's responsibility level and is a multiple ranging from 0.25 times to 1.67 times the cash bonus paid to the employee based on performance of the employee and overall performance of the Corporation. This amount awarded is used by a trustee to acquire Common Shares of the Corporation through TSX. The Common Shares acquired are held by the trustee pursuant to the terms of the Stock Savings Plan and, provided the employee does not leave the employment of the Corporation for any reason, the Common Shares vest to that employee equally over a three-year period. If the employee leaves the employment of the Corporation for any reason, the unvested Common Shares purchased pursuant to the Share Bonus Plan are forfeited by the employee under the terms of the

plan. In 2007 the amount of this bonus scheme was decreased from prior years to better reflect the Corporation's overall compensation plan compared to its peer group. This plan provides additional share ownership in the Corporation by its executive officers and employees.

4. Horizon Oil Sands Long Term Incentive Plan

The Corporation has adopted the Horizon Oil Sands Long Term Incentive Plan under which executive officers and employees can benefit upon the successful completion of Phase 1 of the Horizon Oil Sands Project (the "Project"), subject to the Corporation, the executive officers and the individual employee meeting established performance elements. The Committee reviewed and recommended the approval of the performance elements by the Board who subsequently approved the performance elements at the time of Project sanction on February 9, 2005. The individual bonuses paid are on a prorated basis depending on (i) position and level of responsibility of the individual to the successful completion of Phase 1 of the Project, (ii) meeting the established performance elements comprised of capital expenditure targets, rate of production, operating costs per barrel of synthetic crude and onsite safety targets, and, (iii) the individual employee meeting personal performance objectives. Personal performance objectives are set for the period the Horizon Long Term Incentive Plan is in effect.

The Compensation Committee believes the Corporation's methods of compensation detailed above provide a balanced program of immediate and longer-term incentive compensation that is reasonable while at the same time provide the Corporation's executive officers and employees with a competitive total compensation package.

The Corporation has a long-standing policy of awarding stock options to its officers and employees under the Amended Compiled and Restated Stock Option Plan (the “SOP”). The options are considered a part of the employee’s compensation package to provide parity with compensation levels within the industry. Directors are not eligible to receive options under the SOP unless they provide ongoing day-to-day management services to the Corporation. The Board believes this established policy of awarding stock options meets the Corporation’s business objectives provided the total number of options outstanding at any time is limited to a maximum of 10% of the Corporation’s outstanding common shares. The Corporation believes it is in its best interests to continue to award stock options to new employees as part of their compensation package to remain competitive with the Corporation’s peer group. The aggregate number of Shares that may be available for issuance from time to time under the Plan as approved by shareholders shall not exceed 25,850,000 Shares prior to adjustment for the May 2004 two-for-one stock split and the May 2005 two-for-one stock split.

The options issued pursuant to the SOP are non-assignable, have an expiry term not to exceed six years and are exercisable at 20% per year commencing one year after the date of grant. The exercise price of the options is determined as the closing market price on TSX the day prior to the granting of the options. The Corporation does not provide any form of financial assistance to facilitate the purchase of securities pursuant to the SOP. Options are exercisable only during the term of employment with the Corporation and the option holder is not subject to a

collective agreement as defined in the SOP text. No one person can hold options pursuant to the SOP of more than 5% of the outstanding Common Shares nor is it possible for directors and officers, as a group, to hold options amounting to 10% of the outstanding Common Shares and the aggregate number of Common Shares issued to Insiders within any one year period can not exceed 10% of the outstanding Common Shares.

Pursuant to terms of the SOP, the Board may amend, modify or terminate the SOP if and when it is advisable at the discretion of the Board without disinterested shareholder approval except for those amendments specifically requiring disinterested shareholder approval as mandated by TSX. No amendment as it may relate to U.K. Approved Options under the terms of the SOP shall take effect unless and until the approval of the Board of Inland Revenue has been obtained for such amendment. No amendments have been made to the SOP since the last annual meeting of shareholders at which the shareholders approved amendments to the SOP extending the expiry date of stock options which expire during a blackout and authorizing management to make certain amendments to the SOP without requiring further shareholder approval.

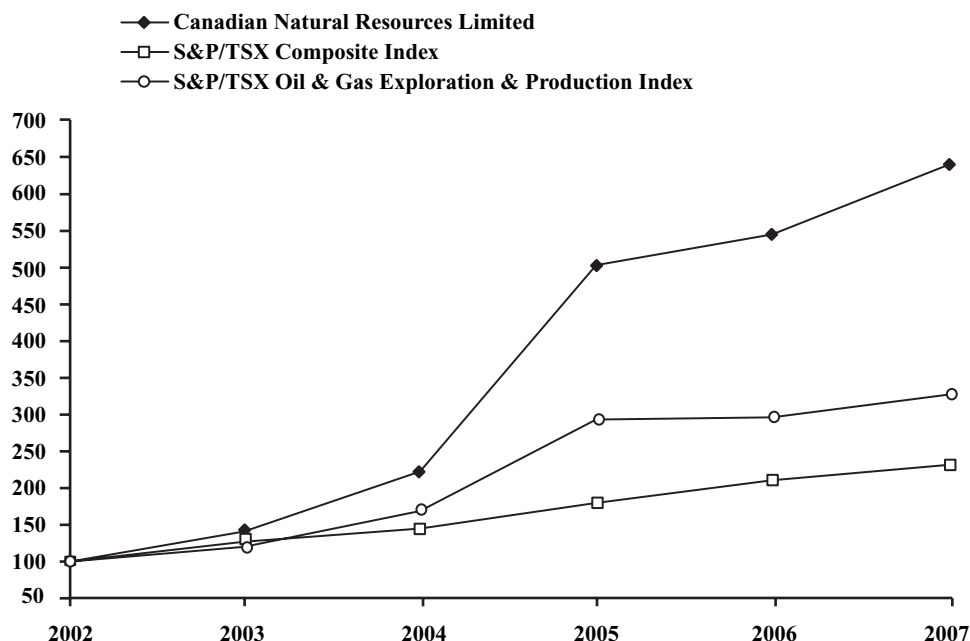

As at March 19, 2008, the number of common shares issuable pursuant to equity compensation plans approved by the shareholders is:

	<u>Number of Securities</u>	<u>Per cent of Outstanding Common Shares</u>
To be issued upon exercise of outstanding options	28,193,501	5.2%
Available for future issuance	8,914,336	1.6%

II. INFORMATION ON ITEMS TO BE ACTED UPON

SOLICITATION OF PROXIES

This Information Circular (the "Circular") is furnished in connection with **THE SOLICITATION OF PROXIES BY THE MANAGEMENT OF CANADIAN NATURAL RESOURCES LIMITED** (the "Corporation") for use at the Annual General Meeting of the Shareholders of the Corporation to be held at the Metropolitan Centre, 333 - 4th Avenue S.W. in the City of Calgary, in the Province of Alberta, Canada, on Thursday May 8, 2008 at 3:00 o'clock in the afternoon (MDT) (the "Meeting") and at any adjournments thereof, for the purposes set forth in the accompanying Notice of Meeting. The solicitation of proxies will be primarily by mail, but may also be by telephone, telegraph or oral communications by the directors, officers and regular employees of the Corporation, at no additional compensation. The costs of preparation and mailing of the Notice of Meeting, Instrument of Proxy and this Information Circular as well as any such solicitation referred to above will be paid by the Corporation. Except as otherwise stated, the information contained herein is given as of March 19, 2008.

APPOINTMENT OF PROXY AND DISCRETIONARY AUTHORITY

A SHAREHOLDER HAS THE RIGHT TO DESIGNATE A PERSON OR COMPANY (WHO NEED NOT BE A SHAREHOLDER OF THE CORPORATION) OTHER THAN ALLAN P. MARKIN AND JOHN G. LANGILLE, THE MANAGEMENT DESIGNEES, TO ATTEND AND ACT FOR HIM AT THE MEETING. SUCH RIGHT MAY BE EXERCISED BY INSERTING IN THE BLANK SPACE PROVIDED THE NAME OF THE PERSON OR COMPANY TO BE DESIGNATED AND DELETING THEREFROM THE NAMES OF THE MANAGEMENT DESIGNEES OR BY COMPLETING ANOTHER PROPER INSTRUMENT OF PROXY and, in either case, depositing the resulting instrument of proxy at Computershare Trust Company of Canada, 9th Floor, 100 University Avenue, Toronto, Ontario, Canada M5J 2Y1 at least 24 hours before the Meeting for which it is to be used. The instrument appointing a proxy shall be in writing and shall be executed by the shareholder or his attorney authorized in writing or, if the shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized.

ALL SHARES REPRESENTED AT THE MEETING BY PROPERLY EXECUTED PROXIES WILL BE VOTED OR WITHHELD FROM VOTING IN ACCORDANCE WITH THE INSTRUCTIONS OF THE SHAREHOLDERS ON ANY BALLOT THAT MAY BE CALLED FOR AND WHERE A CHOICE WITH RESPECT TO ANY MATTER TO BE ACTED UPON HAS BEEN SPECIFIED IN THE INSTRUMENT OF PROXY, THE SHARES REPRESENTED BY THE PROXY WILL BE VOTED IN ACCORDANCE WITH SUCH SPECIFICATION. IN THE ABSENCE OF ANY SUCH SPECIFICATIONS, THE MANAGEMENT DESIGNEES, IF NAMED AS PROXY, WILL VOTE IN FAVOUR OF ALL THE MATTERS SET OUT THEREIN. IF A SHAREHOLDER APPOINTS A PERSON DESIGNATED IN

THE FORM OF PROXY OR NOMINEE AND WHERE A CHOICE WITH RESPECT TO ANY MATTERS TO BE ACTED UPON HAS NOT BEEN SPECIFIED, THE PROXY WILL BE VOTED IN FAVOUR OF ALL THE MATTERS SET OUT THEREIN.

THE ENCLOSED FORM OF PROXY, WHEN PROPERLY SIGNED, ALSO CONFERS DISCRETIONARY AUTHORITY UPON THE PERSONS NAMED THEREIN WITH RESPECT TO AMENDMENTS OR VARIATIONS TO MATTERS IDENTIFIED IN THE NOTICE OF MEETING AND WITH RESPECT TO OTHER MATTERS WHICH MAY PROPERLY COME BEFORE THE MEETING, OR AT ANY ADJOURNMENT THEREOF. THE MANAGEMENT OF THE CORPORATION DOES NOT KNOW OF ANY MATTERS WHICH MAY BE PRESENTED AT THE MEETING, OTHER THAN THE MATTERS SET FORTH IN THE NOTICE BUT IF THE OTHER MATTERS OR AMENDMENTS OR VARIATIONS DO PROPERLY COME BEFORE THE MEETING, IT IS THE INTENTION OF THE PERSONS NAMED IN THE ENCLOSED FORM OF PROXY TO VOTE SUCH PROXY ACCORDING TO THEIR BEST JUDGEMENT.

REVOCATION OF PROXIES

A shareholder or intermediary who has given a proxy, or his attorney authorized in writing, may revoke it as to any matter upon which a vote has not already been cast pursuant to the authority conferred by the proxy, by instrument in writing executed by the shareholder or his attorney authorized in writing, or, if the shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized in writing, and deposited either at the registered office of the Corporation or the office of Computershare Trust Company of Canada, 9th Floor, 100 University Avenue, Toronto, Ontario, Canada M5J 2Y1 at any time up to and including the last business day preceding the day of the Meeting or any adjournment thereof at which the proxy is to be used, or deposited with the Chair of such Meeting on the day of the Meeting or adjournment thereof, or by executing a proxy bearing a later date and depositing the new proxy at the office of Computershare Trust Company of Canada, 9th Floor, 100 University Avenue, Toronto, Ontario, Canada M5J 2Y1 at any time up to and including the last business day preceding the day of the Meeting or any adjournment thereof at which the proxy is to be used, or with the Chair of such Meeting on the day of the Meeting or any adjournment thereof. In addition, a proxy may be revoked by the shareholder personally attending at the Meeting and voting his shares.

BENEFICIAL HOLDER OF SHARES

The information set forth in this section is of significant importance to many shareholders of the Corporation, as a substantial number of the shareholders do not hold Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (referred to in this Information Circular as “Beneficial Shareholders”) should note that only proxies deposited by shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will more likely be registered under the name of the broker or an agent of a broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co., (the registration name for The Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their nominees can only be voted upon the instructions of the Beneficial Shareholders. Without specific instructions, brokers/nominees are prohibited from voting Common Shares for their clients. The Corporation does not know for whose benefit the Common Shares registered in the name of CDS & Co. are held. Therefore, Beneficial Shareholders cannot be recognized at the Meeting for purposes of voting the Common Shares in person or by way of proxy, except as set out below.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that the Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to that provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge. Broadridge typically mails a scannable Voting Instruction Form in lieu of the form of proxy. The Beneficial Shareholder is asked to complete and return the Voting Instruction Form to them by mail or facsimile. Alternatively, the Beneficial Shareholder can call a toll-free number to vote the Shares held by the Beneficial Shareholder. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. A Beneficial Shareholder receiving a Voting Instruction Form cannot use that Voting Instruction Form to vote Common Shares directly at the

Meeting as the Voting Instruction Form must be returned as directed by Broadridge well in advance of the Meeting in order to have the Common Shares voted.

If you are a Beneficial Shareholder and wish to vote in person at the Meeting, please contact your broker or agent well in advance of the Meeting to determine how you can do so.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

March 19, 2008 is the record date for determination of Common Shares of the Corporation entitled to notice of and to vote at the Meeting, provided that to the extent a shareholder transfers the ownership of any of his shares after the record date and the transferee of those shares establishes that he owns such shares and requests not later than 5 days before the Meeting that his name be included on the shareholders' list, such transferee is entitled to vote such shares at the Meeting.

As at March 19, 2008 the Corporation has 540,463,875 voting securities outstanding as fully paid and non-assessable Common Shares without par value, each share carrying the right to one vote.

To the knowledge of the directors and officers of the Corporation no person or company beneficially owns, or controls or directs, directly or indirectly, voting securities carrying more than 10% of the voting rights attached to all voting securities of the Corporation.

ELECTION OF DIRECTORS

The affairs of the Corporation are managed by a Board of Directors who are elected annually at each Annual General Meeting of Shareholders and hold office until the next Annual General Meeting, or until their successors are duly elected or appointed or until a director vacates the office or is replaced in accordance with the Articles and By-laws of the Corporation. The Corporation has an Audit Committee, which is comprised of Ms. C.M. Best as Chair, Messrs. G.D. Giffin, G.A. Filmon and D.A. Tuer. The Corporation does not have an Executive Committee.

The following table sets forth the name of each of the persons proposed to be nominated for election as a director (the "Nominee"); the Nominee's principal occupation at present and within the preceding 5 years; all positions and offices in the Corporation held by the Nominee; other directorships held by the Nominee; the date the Nominee was first elected, or appointed a director; and the number and market value of the common shares of the Corporation that the Nominee has advised are beneficially owned or controlled or directed, directly or indirectly, by the Nominee as of March 19, 2008 and in the case of director nominees who are members of management, the number of stock options that have been granted to them and have not been exercised. In accordance with the Corporation's majority voting policy, any Nominee in an uncontested election who receives a greater number of shares withheld than shares voted in favour of their appointment must tender their resignation to the Board for Board consideration and to take effect upon acceptance of the resignation by the Board.

BOARD OF DIRECTORS CORPORATE GOVERNANCE GUIDELINES

The Board of Directors (the “Board”) of the Corporation has adopted the following Corporate Governance Guidelines (the “Guidelines”) to assist the Board in meeting its responsibilities. These Guidelines reflect the Board’s commitment to monitor the effectiveness of policy and decision making both at the Board and management level, with a view to enhancing long-term shareholder value. The Board requires the directors, officers and employees of the Corporation to comply with all legal and regulatory requirements and encourages them to adhere to the highest ethical standards in the performance of their duties.

Directors must perform their duties, keeping in mind their fiduciary duty to the shareholders and the Corporation. That duty includes the obligation to ensure that the Corporation’s disclosures contain accurate information that fairly presents the Corporation and its operations to shareholders and the public in conformity with applicable laws, rules and regulations.

BOARD RESPONSIBILITIES

The Board is responsible for the stewardship of the Corporation and overseeing the business and affairs of the Corporation. In executing this role, the Board shall oversee the conduct, direction and results of the business. In turn, management is mandated to conduct the day-to-day business and affairs of the Corporation and is responsible for implementing the Board’s strategies, goals and directions. The Board and its members shall at all times act in the best interest of the Corporation and its actions shall reflect its responsibility of establishing proper business practices and high ethical standards expected of the Corporation.

In discharging the Board’s stewardship obligations, the Board assumes responsibility for the following matters:

1. adoption of a strategic planning process and approval of a strategic plan which takes into account, among other things, the opportunities and risks of the business;
2. the identification of the principal risks of the Corporation’s business and ensuring the implementation of appropriate systems to manage these risks;
3. succession planning; including appointing, training and monitoring senior management;
4. a communication and disclosure policy for the Corporation; and,
5. the integrity of the Corporation’s internal control and management information systems.

COMPOSITION OF THE BOARD

Criteria for Board of Directors

The Nominating and Corporate Governance Committee, comprised entirely of Directors who qualify as independent directors under the requirements of the regulatory bodies to which the Corporation is subject to (“Independent Directors”), is responsible for identifying, screening and recommending director nominations for appointment as members of the Board. The Board, however, will ultimately be responsible for nominating for appointment new directors and for the selection of its Chair.

The Board requires that a majority of the Board qualify as Independent Directors. Nominees for director are selected on the basis of, among other things, broad perspective, integrity, independence of judgment, experience, expertise, diversity, ability to make independent analytical inquiries, understanding of the Corporation’s business environment and willingness to devote adequate time and effort to Board responsibilities.

Election of Directors by Shareholders

Election of director nominees by shareholders in an uncontested election shall be by majority vote. A director nominee who receives less than 50% of the votes cast in favour of the election of the director nominee shall forthwith submit to the Board, his or her resignation, to take effect upon acceptance by the Board. The Board shall exercise

discretion in considering the resignation of the director nominee and if it is deemed to be in the best interests of the Corporation and the shareholders and, absent any extenuating circumstances deemed by the Board to exist, the Board shall accept such resignation within 90 days of having received the resignation of the director nominee.

Independence

As stated previously, the Board shall be comprised of a majority of Independent Directors. For a director to be independent, the Nominating and Corporate Governance Committee and the Board must affirmatively determine that an individual is independent, taking into account any applicable regulatory requirements and such other factors as the Nominating and Corporate Governance Committee and Board may deem appropriate; provided, however, that there shall be a three (3) year period during which they shall not be deemed independent, for the following individuals; (i) former employees of the Corporation, or of its independent auditor; (ii) former employees of any company whose compensation committee includes an officer of the Corporation; and (iii) immediate family members of the individuals specified in (i) and (ii) above. The Nominating and Corporate Governance Committee and the Board will review annually the relationship that each director has with the Corporation (either directly; or as a partner, shareholder or officer of an organization that has a relationship with the Corporation). Following this review, only those Directors who the Board and the Nominating and Corporate Governance Committee affirmatively determine meet any applicable regulatory independence requirements and have no material relationship with the Corporation will be considered Independent Directors. The basis for any determination that a relationship is not material will be published in the Corporation's annual proxy information circular.

Directors have an obligation to inform the Board of any material changes in their circumstances or relationships that may impact their designation by the Board as "independent".

Size of the Board

The Articles of the Corporation provide that the Board will have not less than three (3) or more than fifteen (15) members. The Board will fix the exact number of directors at any time after considering the recommendation of the Nominating and Corporate Governance Committee. The size of the Board should enable its members to effectively and responsibly discharge their responsibilities to the Corporation.

Other Company Directorships

The Corporation does not have a policy limiting the number of other company boards of directors upon which a Director may sit. The Nominating and Corporate Governance Committee shall consider the number of other company boards or comparable governing bodies on which a prospective nominee is a member.

Directors are expected to advise the Chair of the Board and the Chair of the Nominating and Corporate Governance Committee in advance of accepting any other company directorships or any assignment to the audit committee or compensation committee of the Board of Directors of any other company.

Term Limits

The Board does not favour the concept of mandatory term limits. The Board believes term limits have the disadvantage of losing the contribution of Directors who have been able to develop, over a period of time, increasing insight into the Corporation and its operations and therefore provide an increasing contribution to the Board as a whole.

Retirement Policy

Under the Board's retirement policy Directors will not stand for re-election after reaching the age of 75, subject to grandfathering any current directors, currently over the age 75 on March 2, 2007, that being the date this retirement policy was adopted by the Board. The Nominating and Corporate Governance Committee has the responsibility to evaluate annually the qualifications of each Director.

DIRECTOR RESPONSIBILITIES

Each Director shall have the responsibility to exercise his or her business judgment in good faith and in a manner that he or she reasonably believes to be in the best interests of the Corporation. A Director is expected to spend the time and effort necessary to properly discharge such Director's responsibilities. Accordingly, a Director is expected to regularly attend meetings of the Board and committees on which such Director sits (with the understanding that on occasion a Director may be unable to attend a meeting) and to review in advance the meeting materials.

DIRECTOR ORIENTATION

New members of the Board shall be provided an orientation, which includes background information about the Corporation's business, current issues, corporate strategies, general information about the Board and Committees and Director's duties and responsibilities and meetings with key operations personnel. Each Director is expected to participate in continuing educational programs in order to maintain the necessary level of expertise to perform his or her responsibilities as a Director.

BOARD MEETINGS

The Board has four (4) regularly scheduled meetings each year appropriately scheduled for the Board to meet its responsibilities. In addition, unscheduled Board meetings may be called upon proper notice being given at any time to address specific needs of the Corporation. One half (or where one half of the Directors is not a whole number, the whole number which is closest to and less than one half) of the Directors then in office constitutes a quorum for Board of Directors meetings.

The Chair of the Board and the Vice-Chair will establish the agenda for each Board meeting. Any member of the Board may request that an item be included on the agenda and at any Board meeting raise subjects that are not on the agenda for that meeting.

At the invitation of the Board, members of senior management and independent advisors recommended by the Chair a Vice-Chair or the President and Chief Operating Officer attend Board meetings or portions thereof for the purpose of participating in discussions thereby providing certain expertise and/or insight into items that may be open for discussion. The Corporate Secretary attends all Board meetings except where there is a specific reason for the Corporate Secretary to be excluded.

Materials for the review, discussion, and/or action of the Board are, to the extent practicable, to be distributed sufficiently in advance of meetings, thereby allowing time for review prior to the meeting. It is recognized that in certain circumstances written materials may not be available in advance of the meeting.

At every Board meeting, immediately following the termination of each regularly scheduled Board meeting, the Independent Directors shall meet in executive session without the presence of management to discuss whatever topics it believes are appropriate. These meetings will be chaired by the Chair of the Nominating and Corporate Governance Committee. Additional executive sessions may be scheduled from time to time as determined by a majority of the Independent Directors in consultation with the Chair of the Board and Chair of the Nominating and Corporate Governance Committee.

BOARD COMMITTEES

The Board has five (5) standing committees:

1. Audit Committee;
2. Compensation Committee;
3. Nominating and Corporate Governance Committee;
4. Reserves Committee; and
5. Health, Safety and Environmental Committee

The purpose and responsibilities for each of these committees are outlined in committee charters adopted by the Board.

The Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee shall each be comprised entirely of Independent Directors. The Reserves Committee and the Health, Safety and Environmental Committee shall be comprised of a majority of Independent Directors. The Chair of each of the Reserves Committee and the Health, Safety and Environmental Committee shall be an Independent Director.

Appointment of directors to standing committees shall be the responsibility of the Board, having received the recommendation of the Nominating and Corporate Governance Committee, based upon consultations with the members of the Board and the Chair.

The Board may constitute additional standing committees or special committees with special mandates as may be required or appropriate from time to time.

The Chair of each committee will determine the agenda, frequency and length of the committee meetings consistent with any requirements set forth in the committee's charter.

BOARD EVALUATION

The Nominating and Corporate Governance Committee will sponsor an annual self-assessment of the Board's performance as well as the performance of each committee of the Board, the results of which will be discussed with the full Board and each committee. In preparing these assessments, The Nominating and Corporate Governance Committee, circulates to each Director a questionnaire through which each Director can provide input. The Nominating and Corporate Governance Committee will also utilize the results of this self-evaluation process in assessing and determining the characteristics and critical skills required of prospective candidates for appointment to the Board and making recommendations to the Board with respect to assignments of Board members to various committees.

DIRECTOR COMPENSATION

Senior management of the Corporation shall report periodically to the Nominating and Corporate Governance Committee on the status of the Corporation's Director compensation practices in relation to the other companies of comparable size and within the industry. The Corporation believes in a mix of both cash and stock based compensation. The Nominating and Corporate Governance Committee will recommend any changes in Director compensation to the Board for approval.

Director's fees are the only compensation an Audit Committee member may receive from the Corporation.

SHARE OWNERSHIP

Directors are required to acquire and hold Common Shares of the Corporation with a minimum aggregate market value of three times the annual retainer fee paid to directors within five (5) years from the date of their appointment as a director of the Corporation.

Directors are required to confirm annually for the Corporation's Information Circular their share ownership position and that such position is their beneficial and legal ownership position and has not been hedged or otherwise sold.

EVALUATION OF SENIOR MANAGEMENT

Senior management is responsible for the day to day operation of the Corporation. Operations are to be conducted in a manner, which reflects the standards established by the Board, and with the goal of implementing and fulfilling the policies, strategies and goals established by the Board. The Board shall determine the specific or general terms and levels of authority for senior management as it may consider advisable from time to time.

The Corporation does not have a CEO designation. This role is delegated by the Board to the senior management of the Corporation including the Chair of the Board, the Vice-Chair of the Board, the President and Chief Operating Officer. The Board establishes annual corporate objectives which senior management is responsible for meeting and assesses senior management's performance annually. This evaluation is based upon objective criteria previously authorized by the Board including consideration of the performance of the business of the Corporation, accomplishment of short and long term strategic objectives, material business accomplishments and development of management. The evaluation is used by the Compensation Committee, as part of a formal process of considering compensation of senior management with reference to the performance in meeting the corporate objectives.

The President and Chief Operating Officer reports to the Compensation Committee annually with respect to senior management succession issues and the status of the Corporation's on-going program for management development.

DIRECTOR ACCESS TO MANAGEMENT, EMPLOYEES AND ADVISORS

Each Director may consult with any manager or employee of the Corporation or with any independent advisor to the Corporation at any time.

In appropriate circumstances, the committees of the Board are authorized to engage independent advisors as may be necessary in the circumstances.

In discharging his or her obligations, an individual director may engage outside advisors, at the expense of the Corporation, in appropriate circumstances.

CODE OF INTEGRITY, BUSINESS ETHICS AND CONDUCT

The Nominating and Corporate Governance Committee will periodically assesses the Corporation's Code of Integrity, Business Ethics and Conduct policies to ensure it addresses appropriate topics and complies with the appropriate regulatory bodies regulations and recommend any appropriate changes to the Board for approval. The Board must approve any waiver of the code for any member of senior management or Directors. Any waiver must be disclosed in accordance with relevant regulatory requirements.

MODIFICATIONS TO CORPORATE GOVERNANCE GUIDELINES

The Nominating and Corporate Governance Committee will annually review these Corporate Governance Guidelines and recommend any appropriate changes to the Board for approval.
