

APPLICATION REQUIREMENTS

BUILDING FUTURES SCHOLARSHIP

The following materials must be included in the application package:

Please note that if any of the required attachments are missing, it may impact your eligibility for receiving a Building Futures Scholarship.

1. The completed application
2. Up-to-date official or unofficial transcripts from high school or post-secondary institutions you have attended within the most recent two years
3. Confirmation of Enrolment (acceptance letters are not sufficient) from the school you are attending for the upcoming term. This can be a Confirmation of Enrollment Letter issued by your post-secondary institution, or a Schedule of Registered Classes. The document must include the:
 - Name of the institution
 - Name of the student
 - Current Date
 - Verification of full-time status
 - Courses a student is registered in for the upcoming semester (minimum of three)
4. A letter of approximately one page describing your career plan and community involvement. The letter should include:
 - Information on the program you attend/plan to attend and the timeframe for the program
 - The reason you have chosen this area of education and your long-term goals
 - Any experience you have that is relevant to your program
 - Your commitment to successfully complete the program and maintain a passing GPA of at least 2.3
 - A description of any volunteer activities
 - How your area of education might align with the oil and gas industry
 - Information on any hardships you face (optional)
5. 1-2 reference or recommendation letters from community leaders, supervisors, teachers etc. to support your application.

*We strongly recommend you have all attachments easily accessible and ready to upload **before** beginning the application.*
